Forward-Looking Statements

This Form 10-QSB includes "forward-looking statements" within the meaning of the "safe-harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements are based on management's current expectations and are subject to a number of factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements.

All statements other than historical facts included in this Form, including without limitation, statements under "Plan of Operation", regarding our financial position, business strategy, and plans and objectives of management for the future operations, are forward-looking statements.

Although we believe that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. Important factors that could cause actual results to differ materially from our expectations include, but are not limited to, market conditions, competition and the ability to successfully complete financing.

ITEM 2. PLAN OF OPERATION

On February 15 2008, we entered into an exchange agreement with Aussie Soles International LLC, an early stage leisure footwear company. In consideration of the acquisition of a 100% equity interest in Aussie Soles, the Company will issue up to 21 million shares of its common stock, subject to certain escrow conditions and corporate milestones to be met by the principal of Aussie Soles.

Subsequent to the quarter, Craig Taplin, founder and CEO of Aussie Soles International LLC became the CEO of K-9, which has changed its name to Aussie Soles Group Inc. The new company intends to hire a management team and formally commence operations in North America in the near future.

The combined enterprise intends to build the brand, "Aussie Soles{trademark}" into a globally known brand of footwear and accessories for the fashion, surf, travel, and medical industries. The combined enterprise intends to accomplish its objectives by designing and marketing a complete line of reasonably priced casual footwear and related accessories for all seasons, by co-branding its products with high-visibility partners, and through patent and related intellectual property protection.

We intend to retain one full-time sales person in the next six months, as well as an additional full-time sales person in the six months thereafter. These individuals will be independent contractors compensated solely in the form of commission based upon sales they arrange.

We therefore expect to incur the following costs in the next 12 months in connection with our business operations:

Marketing costs: \$20,000
General administrative costs: \$40,000

Total: \$70,000

In addition, we anticipate spending an additional \$10,000 on administrative fees. Total expenditures over the next 12 months are therefore expected to be \$80,000.

<PAGE>

During the quarter, the Company completed the sale of \$600,000 in the private placement of its securities at \$0.40 per Unit on a pre- share split basis. Each Unit consisted of one pre-split share of the Company's common stock and one common share purchase warrant (a "Warrant"). Each Warrant is exercisable into one pre-split share of Common Stock at a pre-split exercise price of US\$0.60 per Warrant Share, for a period of two years. The private placement is intended to finance potential acquisition and working capital requirements, including administrative expenses and costs incurred in connection with our review of potential projects. Although upon the completion of the private placement financing, we will have sufficient funds for any immediate working capital needs, additional funding may still be required in the form of equity financing from the sale of our common stock. However, we do not have any arrangements in place for any future equity financing.

If we are unable to raise the required financing, we will be delayed in conducting our business plan.

Our ability to generate sufficient cash to support our operations will be based upon our sales staff's ability to generate sales. We expect to accomplish this by securing a significant number of agreements with large and small retailers and by retaining suitable salespersons with experience in the retail sales sector.

RESULTS OF OPERATIONS FOR PERIOD ENDING FEBRUARY 29, 2008

We earned interest income of \$13,805 in the three-month period ended FEBRUARY 29, 2008. During the same period, we incurred operating expenses of \$185,004 consisting of amortization expenses of \$161,863, filing and transfer agent fees of \$1,878, professional fees of \$14,081, management fees of \$1,500, marketing fees of \$2,000, travel and entertainment of \$3,137 and bank charges of \$545.

At FEBRUARY 29 2008, we had assets of \$20,143,767 consisting of \$129,501 in cash, a notes receivable of \$625,000, inventory of \$183,210, interest receivable of \$16,331, equipment of \$106,500 and \$19,083,225 in intangible assets. We had current accounts payable and accrued liabilities of \$25,229 and \$200,000 due to a related party as of FEBRUARY 29, 2008.

We have not attained profitable operations and are dependent upon obtaining financing to pursue our business plan. For these reasons our auditors believe that there is substantial doubt that we will be able to continue as a going concern.

ITEM 3 CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS

We evaluated the effectiveness of our disclosure controls and procedures as of FEBRUARY 29, 2008. This evaluation was conducted by Craig Taplin, our chief executive officer and Jeanne Mok, our principal accounting officer.

Disclosure controls are controls and other procedures that are designed to ensure that information that we are required to disclose in the reports we file pursuant to the Securities Exchange Act of 1934 is recorded, processed, summarized and reported.

LIMITATIONS ON THE EFFECTIVE OF CONTROLS

Our management does not expect that our disclosure controls or our internal controls over financial reporting will prevent all error and fraud. A control system, no matter how well conceived and operated, can provide only reasonable, but no absolute, assurance that the objectives of a control system are met. Further, any control system reflects limitations on resources, and the benefits of a control system must be considered relative to its costs. These limitations also include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of a control. A design of a control system is also based upon certain assumptions about potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected.

CONCLUSIONS

Based upon their evaluation of our controls, Craig Taplin, our chief executive officer and Jeanne Mok, our principal accounting officer, have concluded that, subject to the limitations noted above, the disclosure controls are effective providing reasonable assurance that material information relating to us is made known to management on a timely basis during the period when our reports are being prepared. There were no changes in our internal controls that occurred during the quarter covered by this report that have materially affected, or are reasonably likely to materially affect our internal controls.

PART II- OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is not a party to any pending legal proceeding. Management is not aware of any threatened litigation, claims or assessments.

ITEM 2. CHANGES IN SECURITIES

During the quarter, a stock split of the Company's authorized and issued common stock such that every one of the Company's common stock be forward split for three post split common shares of the Company was deemed effective by the NASD.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.
